

Pesticides - an overview

right solutions.
right partner.

This webinar “Pesticides - an overview” is a beginner’s guide to pesticide residues analysis, the whys and the hows.

The webinar will cover:

- » What the Pesticides and Contaminants team get up to in Chatteris.
- » What pesticides are.
- » Types and chemical classes.
- » Some of the legislation relating to pesticides in food
- » A slightly deeper look at a generic method for pesticide determination in food, the steps involved, familiarisation of the terminology that a lab might use and ensuring reliable results.

If you find this webinar informative, there will be a more detailed pesticide webinar later in the year.
